

ESG & POLICIES

ESG Framework

Environmental, social and governance approach

Framework

Our ESG framework is aligned with the ICMM Mining Principles, the UN SDGs and the TCFD recommendations.

Environment

Progressive rehabilitation, water stewardship, biodiversity offsets, and a documented decarbonisation pathway targeting net zero Scope 1 & 2 by 2050.

Social

Host-community investment plans, local employment targets, and grievance mechanisms audited annually.

Governance

Independent board oversight, transparent reporting aligned with GRI standards, and a zero-tolerance stance on bribery and corruption.

Reporting

Annual Sustainability Report published in Q2 of each year.
